Description :

The Pneumatic Strapping Machine which we offer finds great application in Packaging Industry. These Pneumatic Strapping Machines are designed for neutral packaging. Widely used in companies which exports iron, textile, household, electrical appliance, stone material and chemical fibre, the Pneumatic Strapping Machine finishes the soldering of PET tape at high speed. Known for high performance, precisely engineered design, high strapping efficiency, and long service life, the Pneumatic Strapping Machine is widely

demanded by the clients.

Features :

- Strains, sticks & cuts the strap pneumatically in one time.
- Driven by pneumatic motor with low noises & malfunction rate.
- No need for power & safe to operate .
- Light weight for portable use or handling.
- Excellent tightening strength reaches 280 kg.
